Uma's ABOUT FACE!

THE STUNNING
ACTRESS TURNED
HEADS FOR ALL
THE WRONG
REASONS,
BUT IS UMA'S
NEW LOOK
PERMANENT?

THEN

WHO'S THAT GIRL?
People were whispering that
Uma's drastically different
appearance on the red carpet on
Feb. 9 was due to plastic surgery.

NATURAL beauty **Uma Thurman** recently had some explaining to do when she looked startlingly different at a red carpet appearance! The award-winning actress was barely recognizable when she arrived at the New York City premiere of her new television miniseries, *The Slap*, on Feb. 9. "I was shocked," an eyewitness tells *Star*. "Uma looked like a completely different person."

Fans and friends alike were aghast, believing that the 44-year-old *Kill Bill* star had undergone extensive, face-altering plastic surgery. But their fears were allayed a few days later on Feb. 12 when Uma appeared on the *Today* show looking like her old self. When asked about the face fracas by host **Savannah Guthrie**, Uma attributed her new look to some experimental makeup techniques. "I know I look weird; I guess nobody liked my makeup," she explained. "I've been doing this for years and years and years. People say things nice, and they say things mean and, it's just like, 'Whatever.'"

You take the good with the bad."

And following the public outcry, her makeup artist, Troy Surratt, fell on his brush to explain his role in Facegate. "We did a much stronger brow and a bold lip for a French sort of feel. The way I shaded her eyebrows with the pencil, I created an uplifting effect. Then, I finished with a shimmering, silky beige shadow on her lids, and went with no mascara at all. Sort

of a reaction against all the fake lashes we've been seeing on the red carpet."

It's part of a new contouring makeup craze made popular by celebrities such as **Kim Kardashian** and **Nicki Minaj**. "I'm quite surprised by the conversation," says Troy. "I think that women should feel open and free to experiment with different beauty looks — it's only makeup, it all washes off."

But while Uma did look much like her old self during her *Today* appearance, not everyone is convinced that her transformation all came from a bottle. "Uma's situation was extreme," an insider says. "She looked like she had gotten fillers just hours before going to the event. Her face was puffy and almost swollen. By the time she went on TV to explain what had happened, it's likely the fillers had settled. She tried to blame it solely on her blush and bronzer, but she looked like an entirely different human being!" ★

Let's do some snackin' math. For the same calories, you get a lot more pistachios than flavored tortilla chips. Plus, pistachios are a good source of protein and fiber, and heart-friendly. And, a recent Harvard study suggests eating nuts seven times a week or more is as healthy as it is smart. So next time you grab a snack, use your brains. Your backside will thank you for it.

LIKE mother, like daughter! While most 8-year-olds are playing with Barbies, Anna Nicole Smith's little girl, **Dannielynn Birkhead**, is amassing her own million-dollar modeling fortune! "Dannielynn has grown up studying photos of her mother," an insider tells *Star*. "She is enamored with Anna Nicole's beauty and has told her father that she wants to be just like her mom when she grows up!"

So far, she's off to a good start. In 2012, Dannielynn landed her first major campaign, with Guess — the same fashion house that launched Anna Nicole's career — where creative director **Paul Marciano** sang her praises. "Dannielynn has the same playful spirit that her mother had on set!"

The blonde beauty seems poised for a successful career in front of the camera, but dad **Larry Birkhead** tells *Star* that he's not letting her grow up too fast. "She goes to a public school and is just like every other kid there," he shared. "I thought it was important to send her to a school where she is exposed to kids of all different backgrounds, races and cultures. I let her enjoy being a kid."

While the precocious third grader loves the glitz and glam of photo shoots, modeling is also a way Dannielynn can feel close to her late mother, who died of a drug overdose in 2007. "Even for being so young she knows how to work a lens," says the source, "and her joyful personality is captured in every photo — just like Anna!" ★

"She told her dad that she wanted to make it her full-time job," says a friend, "but he told her she had to finish school first!"

ROB'S LONELY TEXTS TO CARA

WRONG NUMBER!

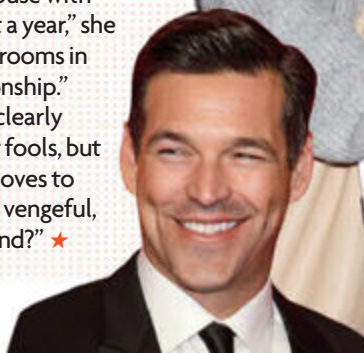

Cara Delevingne is learning a valuable lesson about giving out her digits. Sources tell *Star* that a few weeks ago she shared her info with her pal **Kendall Jenner's** half brother **Rob Kardashian**, but his desperate pursuit of her has left her cringing. “He’s been bombarding her with text messages, and it’s creeping her out,” claims an insider close to the 22-year-old model. “She’s not attracted to him at *all* and is pretty insulted that he would think he had a chance.” The embarrassing dis is just another blow for unemployed Rob, who is said to be in “really bad shape,” and not coping well with news that his stepdad, **Bruce Jenner**, is transitioning into a woman. “He’s still in a downward spiral,” says the tipster. “He’s so lonely and desperately wants to find the right woman, but his confidence is at rock bottom. He really wanted to Cara to like him.” You and every other guy, Rob! ★

BRANDI GLANVILLE

SHAMES LEANN AGAIN!

Leave it to **Brandi Glanville** to add insult to injury when it comes to **LeAnn Rimes**. During her Feb. 1 podcast, the *Real Housewives of Beverly Hills* star made the bombshell claim that Eddie had, in fact, cheated on LeAnn — with her! “I *might* have taped our phone conversations and *may* have mailed them to her,” she dished to guest **Mary Jo Eustace**, who is also a jilted wife, thanks to **Tori Spelling's** affair with her ex, **Dean McDermott**. “I did it as a way to get revenge and show that we didn’t have a bad marriage. He’s sitting there saying, ‘Take me back. I love you.’ All the while, we were still having sex.” She added that even while Eddie was dating LeAnn, he was still playing house with Brandi! “He didn’t move out for almost a year,” she confessed. “We stayed in separate bedrooms in the house, leading this unhealthy relationship.”

As their subsequent marriage proved, LeAnn clearly didn’t care that Eddie was playing both women for fools, but Brandi still won’t let her nemesis live it down. “Brandi loves to get a rise out of LeAnn,” tattles a friend. “In a way, she is vengeful, but who wouldn’t be when someone steals your husband?” ★

SUKI VS. SIENNA

THE SHOWDOWN OVER BRADLEY

Bradley Cooper may be the star of *American Sniper*, but it's his costar **Sienna Miller** who is caught in the crosshairs, thanks to Bradley's jealous girlfriend, **Suki Waterhouse**! "Suki is so fed up with Bradley's relentless gushing about Sienna's talent, it's caused some huge fights," says an insider, adding that Bradley is worried about an Oscar night fiasco. "Suki told him that if she walks by Sienna, she's going to tell her to stay away from her man!" Sienna, who played Bradley's on-screen wife, is no stranger to being the other woman. In 2008 she carried on a very public affair with married actor **Balthazar Getty**. But now, engaged with a baby, Sienna is a one-man woman. "Sienna wants to stay as far from Suki as possible," adds the spy. "The last thing she wants is trashy drama and to be called a homewrecker by some twentysomething girl at such a classy event!" Shots fired! ★

PATRICIA'S BOOZY BRO PROBLEM

Patricia Arquette, who's up for best supporting actress for *Boyhood*, is trying to bring her brother **David** as her date to the Oscars, but rumor has it the Academy won't let him attend. "They may have heard about his recent bad behavior," says a source. As *Star* previously reported, the actor was spotted drinking excessively at the Sundance Film Festival, and boozed it up at a Lakers game in January. While Patricia's camp deny the rumor, the insider claims that's only because her little bro is persona non grata at Hollywood's biggest night. "The Oscars are based on professionalism and respect for the art of acting," says the insider, "not binge drinking and partying!" Party foul! ★

Oscars Gossip!

STAR HAS THE SCOOP ON ALL THE DRAMA BEFORE THE BIG DAY

BEN GONE AWAY FROM GIRL COSTAR

If you ask **Ben Affleck**, his *Gone Girl* costar **Rosamund Pike** should *not* win the Oscar. Why? According to him, she wasn't exactly acting when she played his deranged wife. "Ben believes she was so good in their film because she really has a dark side," says a source. "He can't stand Rosamund and is dreading running into her at the Oscars." The problem, the insider explains, is the British beauty's out-of-control ego. "Rosamund was arrogant and impatient, and it caused a lot of tension between her and Ben," says the source. "He thinks she's a conniving person who only thinks about herself, and shouldn't be trusted." ★

KIM'S PHOTOSHOP FAKER ON PAYROLL?

It costs a lot to look cheap! *Star* has learned that "flawless" **Kim Kardashian** actually employs a Photoshop expert to perfect her photos before they hit social media. "Kim pays a graphics artist \$100,000 a year just to Photoshop her selfies," a family insider reveals. "She's on call 24/7 and will deliver a revamped image in less than 30 minutes."

Kim stipulates that the artist destroy all original images, as well as sign a nondisclosure agreement. "Kim's fans expect her to be picture perfect and glamorous all the time, and it's hard work," explains the spy. "Kim says that sometimes you just need a little help to look great. She thinks of it as the same as getting a facial or putting on makeup." So much for natural beauty! ★

Kim posted the left pic to her Instagram, but later in the day a photographer caught her looking significantly wider.

TOM BRADY THE NEXT MOVIE STAR?

He's got four Super Bowl rings and a supermodel wife, but **Tom Brady** wants one more feather in his cap: a movie career! "At 37, Tom knows he only has a few seasons left before retirement," reveals an insider. "He's thinking ahead and believes he could become a huge movie star."

Despite having zero acting experience, he's confident that success on the gridiron will translate to big-screen charisma. "He's used to being a superstar," says the insider, adding that wife **Gisele Bündchen** isn't keen on her man working with hot Hollywood starlets. "After winning the Super Bowl again, he's thinking about new challenges outside of football." ★

"Amelia was a fixture on-set when they filmed the movie," dishes an insider. "It was extremely uncomfortable, but she didn't care."

CHRISTIAN GREY may be used to getting what he wants, but **Jamie Dornan** isn't so lucky. The *Fifty Shades of Grey* actor has been on cloud nine since landing the coveted role, but he's having a hard time balancing his sexy new image with his quiet home life. *Star* has learned that Jamie's wife, musician **Amelia Warner**, has developed major trust issues since the movie's hype began, and their marriage could be headed for serious trouble.

Jamie, 32, who wed Amelia in April 2013, has been spending much of his time in the spotlight bragging about his gorgeous wife and their 14-month-old daughter, Dulcie. Although his rep denies any trouble, close sources to the Northern Irish actor say his constant gushing is just a cover-up for their increasing tension. "Amelia didn't love the idea of him doing such a sexually charged movie," explains an insider, "but he said it would skyrocket his career. He tried to assure her nothing would change between them."

But on the heels of the film's box-office-record-breaking Valentine's Day release (the franchise was also confirmed for two sequels), Amelia, also 32, still isn't on board. "Women all over the world now lust after Jamie," says the pal. "It upsets her to know that she has to quietly sit by and watch him receive all this unwanted attention."

For now, friends of the pair say there's been no talk of an official split, especially because their daughter is so young. "Jamie is desperate to keep his family together," reveals the source. "He's trying to placate Amelia by talking so sweet about her in the press." But only time will tell if his tactics will work. "They've had several fights about him choosing his career over her," continues the pal, "and the fact that he's already signed on for two more movies could prove to be the final straw." ★

Is Jamie Dornan's MARRIAGE IN TROUBLE?

The actor's new heartthrob status is angering his wife of less than two years.

NO GREY AREA!

COSTAR CHEMISTRY
Dakota Johnson, 25, who plays Anastasia Steele in the movie, isn't helping Amelia's paranoia. Rumors are swirling that she and Jamie have become a little too close for comfort.

Benedict & Sophie's VALENTINE'S DAY WEDDING!

NO mystery here — **Benedict Cumberbatch** is officially off the market! The *Sherlock* actor wed **Sophie Hunter** on England's Isle of Wight in on Feb. 14, sources confirm. The Oscar-nominated actor, 38, and the opera director, 36, celebrated their big day with a reception at the Mottistone Manor, a Mediterranean-style home featuring a 20th-century garden backdrop and an olive grove. And the couple, who met in 2009 while filming *Burlesque Fairytale*s, aren't slowing down there. They announced in January that they are expecting their first child together. The dapper actor, who has amassed a large female following, known as Cumberbitches, previously gushed about what he looks for in a woman. "It's like playing a tennis doubles match," he explained. "You need to be able to work well together if you are to stay as partners for a long time." ★

John & Katy's BABY NEWS!

Katy Perry and **John Mayer** may be expecting a little California Gurl (or boy)! The on-again couple, who reunited in January following an 11-month break, have their inner circle buzzing that Katy is in the early stages of pregnancy. On Feb. 7, the "Roar" singer, 30, was sporting what appeared to be a tiny baby bump while hosting a kids' birthday party with John, 37, at her L.A. home. "Katy was glowing," gushes a party guest. "She steered clear of alcohol, and John was making sure she had everything she needed. He was being extremely protective." Even more telling? Katy showed off her tummy while performing in a form-fitting white dress at the Grammy Awards on Feb. 8. ★

Aaron & Lauren's MESSY LIFE

Aaron Paul should be *Breaking Bad*...habits. The actor, 35, and his wife, **Lauren Parsekian**, 28, seem to have built a picture-perfect life in their nearly four years together, but pals say behind closed doors they live like slobs. "When they got married, everyone hoped Lauren would make Aaron tidy up," explains a pal, "but she's just as messy!" So what exactly are they hoarding? Friends say the couple clutter their \$1.4 million Hollywood home with memorabilia from Aaron's TV and movie sets, including numerous props from *Breaking Bad*. "He's trying to hold on to all these great memories," says the source, "but it's all collecting dust." Time to clean up, b*tch! ★

★ *Psst!* Lady Gaga is engaged to her longtime boyfriend, Taylor Kinney.

Ryan To Eva: I HATE YOUR COOKING

IF YOU
CAN'T TAKE
THE HEAT...

Who wants pizza? **Eva Mendes** is a new mom, a talented actress and a successful clothing designer, but one thing she can't seem to master is the kitchen. According to sources, Eva's boyfriend of three and a half years, **Ryan Gosling**, 34, has banned her from cooking for him because he can't stomach any of her meals. "She served a particularly bad vegetable pasta last month, which made her realize she desperately needs to take cooking classes," admits a source. "Ryan's not fussy about what he eats, but he jokes with Eva that it at least has to be edible." In addition to making her beau happy, Eva, 40, also wants to learn how to whip up nutritious meals for the pair's 5-month-old daughter, Esmeralda. "She grew up with women who can cook," says the source. "Ryan loves her just the same, but it's really important to her to be able to make home-cooked meals for her family." ★

Dennis Quaid HEADED FOR SPLIT?

Dennis Quaid and his wife, **Kimberly Buffington**, who have separated twice over the course of their nearly 11-year marriage, are showing fresh signs of trouble. Sources close to the turbulent couple, who are parents of 7-year-old twins Thomas and Zoe, say Dennis began growing distant when he began hitting the gym in the fall of 2014 to get in shape for the film *Truth*. "His confidence has skyrocketed since that movie, but not in a good way," reveals an insider. "He's gone from healthy and fit to completely self-obsessed. When he's not working out, he's with his friends, and Kimberly has had enough." The blonde beauty is even telling pals that she fears Dennis, 60, may be cheating. "He's had problems with flirting in the past," continues the source. "Things are very strained right now." ★

Pamela & Rick IT'S OVER AGAIN!

The third time was not the charm for **Pamela Anderson**. Sources confirm the former *Baywatch* star has filed for divorce from husband **Rick Salomon** yet again. According to court documents, Pamela separated from Rick on Feb. 10, and divorce papers were filed the following day, citing irreconcilable differences. The couple, both 47, first wed in 2007 before getting an annulment two months later. They rekindled their romance and said "I do" again in January 2014. The blonde bombshell filed for divorce just six months later but asked the judge to dismiss her petition that August. Despite their split, friends say things could still go either way. "It is always on and off," dishes a source. "She could pull it back again. She doesn't know what she wants and he's too nice for her. She likes bad boys." But Rick's sketchy past (including that infamous sex tape with **Paris Hilton**) doesn't exactly make him an angel! ★

A close-up portrait of Kourtney Kardashian with long, dark, wavy hair, looking directly at the camera with a serious expression. She is wearing a black top and blue denim overalls. The background is blurred, showing some greenery and a person in a red and blue plaid shirt on the right.

A Woman Scorned

"Kourtney has made it clear to Scott that his behavior has become unacceptable," says a source. But insiders say he still refuses to stop seeing Kendall.

Kourtney's

WORST NIGHTMARE

TRAUMATIZED BY REPORTS OF SCOTT DISICK CHEATING WITH HER HALF SISTER KENDALL JENNER, KOURTNEY KARDASHIAN IS LEFT ALONE, WITHOUT HER FAMILY'S SUPPORT, TO PONDER THE UNIMAGINABLE.

**CAUGHT
TOGETHER!**

KOURTNEY KARDASHIAN is having night terrors. Ever since *Star* broke the bombshell news that her longtime partner and baby daddy, **Scott Disick**, 31, may have slept with her 19-year-old half sister, **Kendall Jenner**, she's been having nightmares about the alleged affair. "She can't sleep at night," says a source close to the family. "And when she does, she'll wake up in a cold sweat, crying, after dreaming that Kendall is pregnant with Scott's baby."

While both Kendall and Scott have denied the tryst, Kourtney, 35, can't shake the feeling that something is going on behind her back, and friends say the horrifying scenario is sending the eldest

Kardashian sister — who's still dealing with wild hormone fluctuations after giving birth to her third child, Reign, in December — into a downward spiral.

What's worse, the mutual friend who tipped Kourtney off to Scott and Kendall's rumored liaison claims that it's still going on! "She's heard that they are continuing their romance, and that Kendall told Scott she had feelings for him during a December lunch date," says the insider. "She's confused and hurt and terrified that Scott will get Kendall pregnant. Of course, Scott thinks it's all a big joke and brushes it off like every other problem in their relationship, but Kourtney can't stop thinking about it — it's destroying her."

Now, as most of her relatives dismiss — or worse, mock — the reported affair, a demoralized Kourtney is left alone to ponder the future of her relationship with the father of her three children.

A SAD STATE OF AFFAIRS

Adding to Kourtney's fears is that neither Scott nor Kendall — whose romance reportedly began during a night of partying late last year — seems to be disturbed by the allegations. In fact,

ARE

they're making light of the situation in public, which has Kourtney livid. "By laughing the issues away, Scott and Kendall are actually rubbing their flirtation in her face," her friend explains.

To draw attention away from the scandal, Kourtney posted a throwback photo of Scott kissing her on Instagram for Valentine's Day, with the caption: "Feeling blessed to get to share this day and my life with my true love and our three little angels." But, the source says, "She just did that to save face. Really, she only made Scott stay home that day for the children."

And while Kourtney tried to have a romantic date night with her man that weekend, taking him to see *Fifty Shades of Grey*, her eight-year relationship with Scott has actually been ice-cold for years — they don't even sleep in the same bedroom! "Their sex life is pretty much nonexistent, which makes the likelihood high, in Kourtney's eyes, for Scott to look elsewhere," says the insider. "And Kendall is young and hot, while Kourtney feels unattractive and hormonal. She's begged Scott to stay away from Kendall, but they adore each other and say

they won't let Kourtney's problems get in the way of their 'friendship.'"

TAKING SIDES

As Scott, Kendall and even **Khloé** (see above) make light of the cheating reports, the other members of the Kardashian-Jenner clan are dealing with the scandal in their own ways. Matriarch **Kris Jenner** has dismissed the affair rumors, saying she was "repulsed" by the story. "Deep down, however, she loves the attention

NO LAUGHING MATTER

Shortly after *Star* broke the news of the sex scandal, Khloé addressed the report, joking to Scott via Twitter: "I thought it was you and I that was having the affair!" After Scott responded in kind, playing up the fabricated story line from last season of *Kourtney & Khloé Take the Hamptons*, in which he and Khloé appeared to get inappropriately close, Kendall joined in the fray. Feigning jealousy, she tweeted: "Excuse me?!" While Kourtney weakly tried to play along, friends say that in reality she is more troubled than

she lets on. "This is not funny to Kourtney — it's her life," says an insider. "It's incredibly disrespectful for them to make a mockery of this relationship."

Triple Threat

Khloé seems to be siding with Scott and Kendall amid the scandal's fallout. "She keeps telling Kourtney to stop worrying about it," says a pal. "But the fact that none of them are supporting her is making Kourtney insecure."

Khloé
@khloekardashian

I'm really pissed about this whole @KendallJenner and @ScottDisick thing!! Scott, I thought it was you and I that was having the affair! 🙄

Scott Disick
@ScottDisick

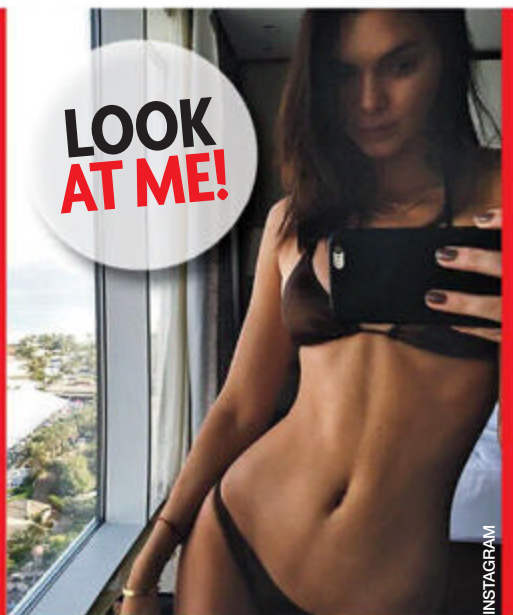

Don't worry @khloekardashian you will always be my number 1

WHY WOULD SHE DO IT?

While Scott's motivations for allegedly cheating with Kourtney's supermodel half sister may be easily understood — especially given his passionless home life — many have questioned why Kendall might be willing to hook up with Scott. But she may have provided a clue in a recent interview (and in her frequent provocative Instagram snaps), when she said, "I wanted the attention to be on me for five seconds rather than my family." She was talking about her modeling career, but psychiatrist Dr. Mike Rosen explains that Kendall's "look at me" attitude is not uncommon for siblings of prominent people. "Middle siblings...may feel like they aren't getting enough attention, so they start to act out," Dr. Rosen tells *Star*. "Lack of appropriate parental attention and guidance...can lead to out-of-the-realm behavior."

hurting Kourtney to see them together.” Unfortunately, Kendall isn’t listening to her superstar sister. According to the source, during Kim’s talk, Kendall defiantly insisted: “I’m not sorry!” And sadly for Kourtney, Kim is so busy with her own family — husband **Kanye West** and 20-month-old daughter North — that she’s rarely around to help her big sister in her time of crisis.

The family’s youngest daughter, **Kylie** — who is very close with Kendall — also hasn’t been much help. When the 17-year-old tries to convince her supermodel sister that her actions are hurting Kourtney, “Kendall tells her to back off,” the insider says. “She just won’t listen.”

As for Kendall’s dad, **Bruce Jenner**, he’s blaming Scott for putting the sisters in this tense situation. “He’s fuming. He’s warned Scott to focus on being a good father rather than partying with his teenage daughter,” the source reports. “As if he isn’t going through enough right now, with the car crash and his gender reassignment, he’s also dealing with a sex scandal in his own family.”

Staying Strong
Kourtney is focused on protecting her kids, Mason, 5, Penelope, 2, and baby Reign, 2 months (not pictured), during this trying time. “She wants their childhood to be happy,” the pal says.

MOVING ON

Without much help from her relatives, Kourtney has resorted to drastic measures to keep tabs on her man. “She doesn’t know whether to believe the stories about Scott and Kendall, but either way, she doesn’t trust him — that’s the bottom line,” says the source. “So

she’s hired a private investigator.”

And while she’s hoping that the PI doesn’t uncover any damning evidence, she’s prepared for the worst. “No matter how bad it is — if Scott is sleeping with Kendall, or anyone else — she wants to know the truth,” the insider says. “Kourtney knows that sounds crazy, but she’s traumatized, and she’ll do anything for some sort of closure. If she finds out Scott’s been cheating with her own sister, that would be unforgivable, but at least she could move on.”

As for Kendall, she’s fed up with her family’s overbearing attitude about her relationship with Scott — so, insiders say, she’s planning to move to London! “She’s sick of everyone telling her what to do, and she wants a clean start,” the source reveals. “The only person she’s told about her plans is

Scott. She’s not doing this to get away from him; she’s doing it to get away from her family.”

But as soon as she gets settled there, Scott may soon come visit. “She’s told him she wants him to come party with her, and he’s agreed,” the source adds. “They really will be out of sight, out of mind when they are thousands of miles away.” ★

SCOTT’S WORST MOMENTS

GETTING VIOLENT!

Breaking Bad

In 2010, Scott punched a mirror in a drunken rage, causing a terrified Kourtney to flee the house with baby Mason. The incident led to a brief separation for the couple.

London Fog

In 2013, while Kourtney was vacationing in Greece with her family, Scott was seen leaving a London nightclub with two blondes. Their car headed back to his hotel.

OTHER GIRLS!

DANGER TO HIMSELF!

Rock Bottom

After fighting with Kourtney about his excessive partying, Scott was rushed to the hospital with alcohol poisoning in June 2014. He checked into rehab soon after.

Off The Wagon

Just five months after his rehab stint, Scott hit the bottle at Kris’ Vegas birthday party, while pregnant Kourtney stayed home with the kids.

DRUNK AGAIN!

Under Pressure

According to insiders, if Rymir turns out to be Jay Z's son, Beyoncé will "never trust him again."

FOR AT LEAST THE SECOND TIME IN HIS LIFE, THE RAPPER IS FACING CLAIMS THAT HE FATHERED A CHILD BEFORE MARRYING BEYONCÉ — AND THIS TIME THERE'S A COURT BATTLE.

Jay Z's

Secret Son #2?

Jersey Boy

Rymir Satterthwaite claims that Jay Z had a tryst with his mom in the early '90s — and he's the result. Along with a paternity suit, he's started a project called D.N.A. — Daddy Not Available — a survival guide for “young men on how to live without their fathers and dealing with rejection.”

RYMIR SATTERTHWAITE seems like a good kid. The 21-year-old from Blackwood, N.J., is planning to go to college, he visits high schools to encourage teens not to drop out, and he's an aspiring rapper to boot. There are plenty of reasons why a father would be proud to claim him. But the New Jersey native says that his dad — none other **Jay Z** — is fighting tooth and nail to prevent from having to do just that.

It “seems like he will cut off his right arm before he claims me,” Rymir says of the hip-hop mogul. For the last four years, Rymir and his mother have been fighting Jay Z in court in an attempt to get him to take a paternity test. And if Rymir, who bears more than a passing resemblance to Jay Z, manages to win his latest court fight, he could well force Jay Z to acknowledge him — a move that would no doubt threaten his rocky marriage with **Beyoncé**.

BLAST FROM THE PAST

Rymir's mom, Wanda Satterthwaite, claims she had a fling with Jay Z back in the early '90s, when he was a drug dealer and rising star in the rap world who still performed under his birth name, Shawn Carter.

Wanda never pressed Jay Z to accept the boy until 2010, however, because she thought Rymir might be the son of a different man. When that turned out to not be the case, she filed a paternity suit in New Jersey against Jay Z. The superstar, by then worth \$1 billion combined with his wife, quickly lawyered up to fight it.

During an Aug. 13, 2012, family court hearing, Jay Z and his lawyer, Lise Fischer, argued that the court

had no jurisdiction in the paternity case because he didn't live in New Jersey and had “minimal” contacts in the state — even though Jay Z lived there in the recent past. Instead, his lawyers stated that he lived in Manhattan, at 1411 Broadway — where the Grammy-winning rapper's Roc Nation office is located. The technicality gambit worked, and Family Court Judge Edward McBride Jr. dismissed the case “without prejudice,” and Jay Z never had to address the question of whether or not Rymir was his son.

“Some will do anything to win a case even if it wrong,” Rymir wrote in a Jan. 21 Twitter post — an obvious broadside at Jay Z. But Rymir and his mom weren't done with their search for the truth.

DOUBLING DOWN

Late last year, Rymir filed another suit, charging Jay Z and Fischer with providing “fraudulent” and “false” information at the 2012 hearing. According to Rymir, Jay Z's posse was so infuriated by the new filing that they may have even tried to intimidate him.

“[I]t looks like his camp paid us a visit about 4:00am in the morning and car tracks were seen the next day on our neighbor's lawn week before Thanksgiving,” Rymir wrote on a crowdfunding website he joined to try to raise money for medical and legal bills. “We wonder whether they coming to repay for lost money due to allege fraud or bully us since we have ongoing court cases?”

If Rymir ends up winning the new suit and it turns out that Jay Z is indeed his father, one can only wonder how it will affect the family that Jay Z does acknowledge. “Jay's been adamant that this isn't his kid,” says the source. “But if he's forced to take a paternity test and the test comes back positive, Beyoncé will definitely feel betrayed. She'd never trust him again. It would tear their marriage apart.” ★

IT WOULDN'T BE THE FIRST TIME...

In 2011, the father of an ex-boyfriend of Trinidadian model Shenelle Scott told *Star* that Jay Z had secretly fathered a baby boy with her back in 2001. *Star's* source, Jerald Andrews, said his son believed the baby was his until about two weeks after he was born, when he realized they looked nothing alike and kicked Shenelle out of his house. Andrews claimed that a DNA test proved Jay Z was the father and that the rapper paid Shenelle \$1 million to stay silent, and continues to pay child support. Jay Z's reps denied the story, and Andrews later recanted it, but only after telling *Star* that Shenelle told him that Jay Z is “a good father, and he has a lot of interest in [the boy]. It was a big old mess at one time, but I think once they resolved the issue of fatherhood, of paternity, things started to level off.”

NO. 1 SON: Jay Z's reps have disputed that this cute little guy is his love child with Trinidadian model Shenelle Scott.

A Tragic Collision

The Feb. 7 car accident took the life of Kardashian neighbor Kim Howe (right), 69, whose white Lexus was pushed into oncoming traffic after Bruce rear-ended it.

BRUCE FA MANSLAUG

AS BRUCE JENNER CONTINUES TO COOPERATE WITH INVESTIGATORS, DISTURBING NEW DETAILS EMERGE ABOUT THE FATAL CAR CRASH HE WAS INVOLVED IN. WAS HE TO BLAME FOR THE TRAGEDY AFTER ALL?

HE'S temporarily put the brakes on his much-anticipated sex change. But, *Star* has learned, that may be the least of the troubles **Bruce Jenner** is facing following his involvement in a horrifying car crash that killed a Kardashian neighbor.

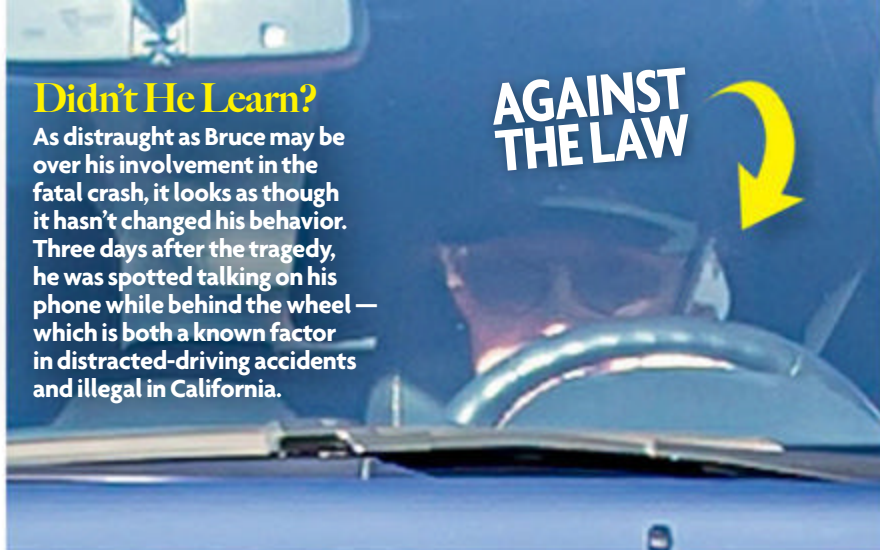

Believed at first to be a blameless participant in the deadly pileup, Bruce is now being investigated for vehicular manslaughter, following the emergence of disturbing new details that point to his possibly being responsible for the tragedy. "Bruce hasn't been sleeping at night," says an insider of the Kardashian patriarch, who has been trying to put on a brave face in public. "He literally stays up crying all night. It's terrible."

The multicar accident took place on Feb. 7, when Bruce, driving on the Pacific Coast Highway in Malibu, rear-ended a Lexus driven by Calabasas, Calif., resident Kim Howe, 69, and sending her car into oncoming traffic, where it collided head-on with a Hummer, killing

Didn't He Learn?

As distraught as Bruce may be over his involvement in the fatal crash, it looks as though it hasn't changed his behavior. Three days after the tragedy, he was spotted talking on his phone while behind the wheel — which is both a known factor in distracted-driving accidents and illegal in California.

AGAINST THE LAW

witnesses from the scene are reportedly claiming that the Prius was not stopped but slowed down due to traffic. And that the only car that rear-ended either the Prius or Howe's Lexus was Bruce's Escalade.

A POSSIBLE PRISON SENTENCE

Prius driver Jessica Marie Steindorff's lawyer, Robert Simon, claims that Bruce was responsible for the accident, explaining that the 65-year-old reality star rear-ended Howe's Lexus before slamming into his client's Prius. Though police are still investigating the crash and have yet to find any one driver to blame, Simon insists that the Escalade's hood ornament left a print in the back of Steindorff's car — which, if true,

could prove powerful evidence against the Olympic champion.

Depending on the findings of the investigation, Bruce could be charged with vehicular manslaughter — which could result in up to six years in state prison, according

to the California penal code. And, as the insider points out, even if Bruce is cleared of any wrongdoing, he could be subject to civil suits, which could take years to settle. "Bruce knows this isn't going to just go away," the insider says. "This accident is something that will haunt him forever."

HIS BIG DREAM POSTPONED

Sadly, this was supposed to be a time of positive change for Bruce. With the news finally public that he's transitioning into a woman, he'd begun hormone treatments — and was making plans for both an interview with **Diane Sawyer** and a documentary series about his journey. "It's just sad because Bruce has been struggling for years over his sexual identity, and now he's finally gotten the courage to go through with his transformation," the insider says. "In the middle of what should be one of the happiest times of his life, he becomes involved in an unimaginable tragedy."

And while Bruce does still plan to go ahead with his sex change eventually, the crash — and its aftermath — is the only thing he can think about. Guilty of manslaughter or not, the insider says, "he was the one who rear-ended the person who was ultimately killed." And that's something he will never be able to forget.

For now, the insider says, Bruce is doing everything he can to participate in the investigation and has been cooperative from the start, agreeing to a field sobriety test and answering all police questions. While police are currently checking cell phone records to see if he was texting at the time of the crash, his rep insists that he was not. "His whole life is up in air," the insider says, "and he keeps wondering what he could have done differently." ★

IS NICK TO BLAME?

AS WHITNEY HOUSTON'S DAUGHTER CLINGS
TO LIFE, LOVED ONES ARE SPEAKING OUT
AGAINST HER TROUBLED BOYFRIEND.

HOSPITAL VIGIL CONTINUES

HER FAMILY'S ANGUISHED CHOICE

Many conflicting stories have been circulating about Bobbi Kristina's condition, with some reports claiming she has shown improvement. What is known is that she's been unconscious and on life support since she was admitted to the hospital on Jan. 31. And unless she makes a miraculous recovery, her family (including grandmother **Cissy Houston**, left) faces a serious decision. "If Bobbi Kristina were to be found brain dead, then the decision to be made is whether or not to take her off life support," Dr. Joseph Pinzone, CEO and medical director of AMAL, tells *Star*. "Once taken off life support, they can live anywhere from hours to days, until they pass with no pain or suffering."

HE claims to have had no idea of his young girlfriend's whereabouts until it was too late. But two weeks after **Nick Gordon** called 911 after finding **Bobbi**

Kristina Brown in the tub, unconscious and barely clinging to life, insiders are painting a dark picture of the couple's relationship — and suggesting Nick, 25, may be to blame for her tragic fate.

"Nick has suffered with personal anger issues and took them out on Krissy," says an insider of Whitney Houston's 21-year-

old daughter, who has been on life support since Jan. 31. "Now, her loved ones are determined to get to the bottom of what part Nick might have played in what happened to her."

EMOTIONAL ABUSE

Though it was initially believed to be a horrible accident, a police investigation was launched when injuries were found on Bobbi Kristina's face. And while Nick has not been charged with any crime, a friend of the couple's, alleged drug dealer Maxwell Lomas, was at their home when Nick found Bobbi Kristina. Maxwell has since lawyered up, reportedly claiming that a strange-acting Nick cleaned the house of bloodstains before cops arrived.

Leolah Brown, Bobbi Kristina's aunt, has taken things even further, telling a Fox TV reporter, "I believe Nick Gordon will be charged with this," and adding, "I hope that he will be charged with this, as well. Soon. I really do."

Indeed, insiders say that, whether or not Nick is directly responsible for Bobbi

Kristina's grim condition, he's been a bad influence on her from the start. Adopted out of a troubled home as a teen by Whitney, he became involved with Bobbi Kristina after her mother's death, and some believe he took advantage of her emotional vulnerability.

"She told people close to her that he was emotionally abusive," the insider says.

"Krissy and Nick needed to be in counseling over their issues. It was

extremely unhealthy. In Krissy's fragile state of mind, their relationship was a recipe for disaster."

A DANGEROUS DRUG HABIT

Making matters even worse, Bobbi Kristina followed Nick's lead — and sadly that of her parents — and began taking drugs ranging from marijuana and cocaine to heroin and crack. According to a published report, she was spending \$5,000 a week on drugs — fueling an increasingly dangerous habit that Nick was enabling.

Another source tells *Star* that just a few months prior to her hospitalization, the couple checked into a detox spa in Palm Springs, Calif. — only to leave in search of more drugs. "People's surroundings and the company they keep play a huge role in how they act," observes Dr. Damon Raskin, California-based medical director at Cliffside Malibu treatment center. "If Krissy's close friends were using heroin and crack, there's a good chance that she was negatively influenced into doing the same."

With Bobbi Kristina's life still hanging in the balance, her loved ones are looking for justice. "They want Nick to pay for what he did to Krissy," the insider says. "They won't rest until he does!" ★

The Cycle Continues

In some ways, Bobbi Kristina and Nick's relationship mirrors that of her parents. Whitney and Bobby Brown's 15-year marriage was marred by drug abuse and violence, with Bobby charged with battery in 2003.

She's Their Champion

Angelina has been touched by the plight of the Syrian people and has visited refugees several times. "We need to see a new attempt to resolve the conflict and greater efforts to support more than 13 million Syrians who are in desperate need," she said.

A MOM
FOR THE
SEVENTH
TIME!

Angelina's Adoption Battle

WHILE VISITING REFUGEES AS A UNITED NATIONS SPECIAL ENVOY, THE STAR MET A CHILD WHO SHE IS DETERMINED TO MAKE HER OWN.

ANGELINA JOLIE thought she was on a typical humanitarian mission in her role as a Special Envoy for the United Nations Council on Refugees to visit displaced Syrians at a camp in Turkey. Little did she suspect that once she looked into the big brown eyes of a sweet 2-year-old boy named Moussa, her life may change forever.

"She just fell in love with him," says a source. "It was that immediate." Angie called husband **Brad Pitt**, who was home with their six kids, and told him that she wanted to adopt this child as soon as possible. "Brad said he trusted her judgment and that if she thought Moussa would be the right addition to their family, then she should go for it," the insider adds. "He was excited."

The couple has very quietly started the complicated process of adopting the orphan, a refugee from a country in the middle of a bloody civil war.

LOVE AT FIRST SIGHT

Almost as soon as she landed at the Altinozu refugee camp, Angelina heard about the toddler's plight. A translator

told her that he had been a witness to gruesome events and that many of the people closest to him had been killed. "When Angelina heard his story, she became visibly upset," the source says. "She loves her children so much and is particularly horrified when she sees the effects war has on kids. It's so hard."

The witness says that while she was wiping the tears away from her eyes, Moussa waddled up to her and smiled. "He came over and gave her a hug. It completely changed the mood," a charity worker claims. "Angelina kissed him on the top of his head, and they were inseparable from that moment on."

The insider says that the star has been told the adoption is a long shot. It's very difficult for U.S. citizens to adopt Syrian children, but she is determined. "Angelina has contacts," the source says. "She is pulling every string, and that boy will be hers. Very soon." ★

Adding To The Brood

Three of Brad and Angelina's six kids are adopted, and they have told their crew to expect a new brother soon. "They can't wait," the source says.

**BREAKING
DOWN!**

**Star caught
Courteney sobbing
on a pal's shoulder
just days after a huge
fight with her fiancé.**

Courteney **DUMPED!**

**WHY HER ENGAGEMENT TO THE
SNOW PATROL ROCKER IS ON ICE.**

COURTENEY COX should've spent the most romantic day of the year cuddled up with her man and putting the finishing touches on her impending wedding. But instead of making it to the altar, the actress found herself alone and miserable on Valentine's Day following a terrible fight with her now ex-fiancé, rocker **Johnny McDaid**.

After she was spotted bawling to a friend over coffee in Malibu on Feb. 11, sources reveal to *Star* that Courteney's groom-to-be has called off their engagement.

SUSPICIOUS MINDS

"Courteney and Johnny have been arguing a lot lately," explains the insider, recalling how tensions erupted on Feb. 8 at a Grammys after party at L.A.'s Chateau Marmont. "Courteney accused Johnny of flirting with a hot young blonde. She flipped out and they had a huge fight," says the source, who adds it was the last straw for the Snow Patrol guitarist. "He told her there's no way he's

marrying her until their issues are fixed."

First and foremost amongst those issues is trust. "Courteney knows Johnny is a rock star, and he gets hit on a lot. She can be insecure, especially considering she's older than him," adds the insider of Courteney, who, at 50, is 12 years Johnny's senior.

Johnny and Courteney were all smiles in November, but now their engagement is off.

THE DISTANCE BETWEEN

Then there's the question of where to put down roots. "When they got engaged, they didn't talk about where they would live," says the source. "Courteney wants to live in L.A. full time, but Johnny wants to spend time in the U.K. too, since he's from Northern Ireland, but she refuses."

While Courteney's camp denies any trouble, those close to the *Friends* star say she and Johnny's polar-opposite personalities have come between them. "The truth is, they have very little in common," claims the insider. "He's pretty mellow, and she's very type A." Indeed, the couple's courtship was whirlwind, even by celebrity standards — the pair were engaged just nine months after being introduced by mutual friend **Ed Sheeran**.

While this is far from their first fight, the insider explains that it is the first time Johnny hasn't tried to "suck up and fix things. He told her he can't deal with her anymore," says the source. "Courteney is a mess over it." — SARAH CORDES ★

"Wall Street Analysts Praise New Breakthrough"

New Fat-Melting Pill Could Put Diet Industry Out of Business by 2016

**Special Report by
Health & Fitness Editor
Steve Engerson**

NEW YORK —

You know what they say; if it sounds too good to be true, it probably is! That is, until recently when a small Colorado nutraceutical company developed the unbelievable... a new pill, that lets you drop dramatic amounts of weight — apparently without much effort at all!

Meet the Pill that Disintegrates Fat Cells ...While You Sit Still.

Shred360™ originally shook up the fitness industry because of the way it **DOUBLES** your fat-burning potential and made fitness models "camera ready" in dramatically less time.

Shred360™ allows ANYONE, not just fitness professionals, to **LOSE INTENSE AMOUNTS OF FAT** — without grueling workouts or tasteless diet foods. It works by first breaking apart, then disintegrating your stubborn fat cells — so you drop pounds and inches even while you **SLEEP!** And best of all, Shred360™ was just released to the general public. That means you can experience unprecedented weight loss too.

**Two Servings Replace
Hours of Grueling Workouts.
ACCELERATE the Speed of
Your Metabolism by up
to an Astounding 43%!**

By creating a "Sedentary Cellular Workout" (nearly doubling the speed of your metabolism) Shred360™'s

formula actually fools your body into thinking that you are lifting weights and running hard... increasing your metabolic rate by 43% and **BURNING FAT FAST...**

**SIXTEEN Highly Refined
Ingredients Vaporize Fat
Without Effort Unlike
Anything Ever Released!**

Shred360™ is **VERY** Different from anything you've seen. Its proprietary blend of **SIXTEEN** potent ingredients, are Scientifically **PROVEN** to:

- Evaporate Fat by Speeding Your Metabolism by an Astonishing 43%
- Fool your body into burning carbs as energy — NOT storing them as fat
- Fool your body into **BURNING** Stored **FAT** through Thermogenesis and lipolysis
- Fool your body into feeling full — the ultimate appetite suppressant
- Enable your body to **PRESERVE** Lean, Healthy **MUSCLE**
- Increase energy and mental clarity almost immediately — guaranteed

And unlike highly ineffective, slickly marketed "diet supplements" (that are usually glorified caffeine pills) — Shred360™ (originally formulated for top athletes) will:

- **NEVER** make you jittery
- **NEVER** make your heart race
- **NEVER** leave you feeling hungry

Shred360™'s formula includes well documented Green Tea, Vitamins B6 & B12, Green Coffee and Raspberry Ketones, among others. Together, they are **unconditionally guaranteed** to make every surplus bit of your unwanted fat disappear — effortlessly — without starvation diets and painful exercise... while at the same time preserving the lean healthy muscle that your body needs.

Fitness Professionals Praise The Fat Burning Power of Shred360™

"Shred360™ Is the Best of the Best. In all my years of being a Fitness Professional, I've never recommended a fat-burner because almost all fat burners fall short... but I was so impressed with the science, the ingredients, AND the personal results of this product — I contacted the company directly to share my excitement." Shaun Hadsall — Fitness Trainer, creator of the "4-Cycle Fat Loss" system

Analysts Think Shred360™ Could put Jenny Craig and Weight Watchers Out of Business by 2018

Analysts (who have studied Shred360™'s ability to isolate, breakup and eliminate fat from the body) predict traditional weight loss companies will be obsolete in the next 4-years.

Let's be honest. For most of us, the absolute ease of losing fat with Shred360™ is much more important than the science of "how it works". As one Wall Street Investor put it, "By using Shred360™ — you can eat like a normal person, skip the gym, and lose the fat you want while you sleep — so who in their right mind would ever use a company like Jenny Craig or Weight Watchers? The answer, clearly, is no one."

No more tasteless "diet frozen meals", no more prepackaged "food", no more time consuming

trips to the gym, and no more clubs to join — **PLUS** Shred360™ nearly doubles your metabolism and burns fat while you **SLEEP** — making it the most important breakthrough in weight loss history... and that has mainstream companies worried...

Produced Under Highly Controlled Environmental Conditions In Small Batches, So Supplies Are Very Limited

Shred360™ was originally developed for Top Fitness Professionals (a very small market) and was never meant to be the all-around fat burner that it, thankfully, turned out to be. Because of this, Shred360™ is produced under highly controlled conditions, in one of America's Top Certified Supplement manufacturing facilities, in very small batches... making supplies quite limited. This production method guarantees that Shred360™ is always pure, always safe, and always effective. Shred360™ truly is a "Professional Grade" supplement.

Special Opportunity for Our Readers — Small Sample of Shred360™ Made Available with No-Questions-Asked 365-Day Guarantee!

As the Health and Fitness Editor, I am happy to say that I have been able to reserve a limited supply of **GUARANTEED TO WORK** Shred360™ — for 100 of our readers (I wish it could have been more — but their supplies are very limited). All you have to do is call them directly at 1-800-864-4347 and request your limited supply plus additional **FREE** bottles (just ask).

You will see — stubborn unwanted fat will be eliminated from your body with absolute ease. But please don't wait to call... once these free samples are gone — they are gone for good.

THE SHRED360™ EFFECT: DESTROYS AND ELIMINATES FAT CELLS

It works by first breaking apart, then disintegrating your stubborn fat cells — so you drop pounds and inches **even while sitting or even sleeping!**

Jessa SECRETLY ON BIRTH CONTROL?

THE NEWLY MARRIED DUGGAR IS TAKING
STARTING A FAMILY INTO HER OWN HANDS.

Traditional Brood

The Duggars are known for their outspoken views on contraception. "As conservative Christians, we believe every life is sacred, even the life of the unborn," Jim Bob has said. "People think we are overpopulating the world, but we are following our convictions."

WITH 19 kids, three grandchildren and three in-laws, the Duggar family was bound to get a wild child. *Star* has learned that **Jessa**, the 22-year-old daughter of **Jim Bob** and **Michelle Duggar**, who wed **Ben Seewald** in November, may be defying her ultraconservative Christian family by secretly using birth control. "Jessa and Ben are definitely active in the bedroom," says a source, "so it's suspicious she hasn't gotten pregnant yet."

FAMILY VALUES

While Jim Bob and Michelle believe they should happily accept as many children as God will give them without interfering, sources say Jessa, the more rebellious daughter who frequently showcases her sharp attitude on *19 Kids and Counting*, is nowhere near ready to be a parent and is taking the necessary steps to make sure that doesn't happen. "She wants to enjoy being a wife for a while," reveals the insider. "She's not like her siblings. She doesn't feel any pressure to get pregnant."

Indeed, Jessa's sister **Jill**, who wed **Derick Dillard** in June and is expecting her first child, a son, admitted he was conceived on their honeymoon. They announced their exciting news a little over two months after tying the knot, which meant Jill was still in her uncertain first trimester. "Believing that life begins at conception and that every life is precious, no matter how young, we would — even if there were to be a miscarriage — we would still want that child to be recognized," Jill explained.

WHAT NOW?

In a strange twist, Jim Bob and Michelle have admitted to using birth control at the beginning of their 30-year marriage. After Michelle became pregnant while on the pill and suffered a miscarriage, the couple blamed the oral contraceptive for "aborting" their baby, and have been against it ever since.

But Jessa and Ben, 19, seem to be carving their own path away from their restrictive families. "Jessa lived under her father's rules for her entire life," dishes a family insider. "She would never tell her parents she's on birth control because she doesn't want to disappoint them, but she's making her own rules now. It's her life, and she and Ben will have a child when they decide the time is right." ★

Sophie Lopez

The expert behind Kate Hudson's best-dressed red carpet looks gives *Star* the 411 on fittings, her favorite ensemble and what she does during fashion's biggest night.

Sophie's Style Scoop

- The best style advice I've been given? Wear whatever you want, as long as you wear it with confidence!
- For a major awards show, I typically have over 30 dresses at the first fitting. Then we begin to edit down choices and have about three more fittings before the final look is ready.
- My favorite look was Kate's at the 2015 Golden Globes in Atelier Versace.
- Awards show day is pretty tame, as everything on our end is ready. I'll spend it fussing around the dress to make sure it is perfect, and I'm always a little nervous until my client is in her gown and out the door.
- During the show, I'll be watching on TV with my team, with a glass of champagne to celebrate!

5 Questions For Robbie Amell

Meet the buff star of *The DUFF*!

YOU may have had a DUFF — which stands for Designated Ugly Fat Friend — but in the new teen comedy *The DUFF*, Mae Whitman is one to her supposed BFF Bella Thorne. So she gets help to un-DUFF herself from a jock named Wesley, played by *The Flash*'s Robbie Amell. Robbie, 26, who's engaged to *Chasing Life* star Italia Ricci, spoke to *Star* about his new film and upcoming wedding.

What's it about?

Think *Mean Girls* meets *The Breakfast Club*. I think everyone can relate to it. It's about getting labeled and figuring out who you are. There's always somebody who's better, faster, richer, better-looking, so it's more about breaking out of these little holes.

What about Wesley?

At first glance he's a total douche bag, a typical dumb jock. But he's not quite as dumb as people think, and he and Mae's characters start learning from each other.

"Everyone is somebody's DUFF, even Tom Brady is a duff to someone," says Robbie, seen here with costar Mae Whitman.

Did the cast hang out off set?

We did. We shot in Atlanta and had a blast. We were all obsessed with food, so we went to a bunch of different restaurants and had a couple of karaoke nights.

What's your karaoke jam?

I don't sing karaoke. Mae dragged me up there once, but everyone can sing except for me, so I clapped and laughed while enjoying a cocktail!

When's the wedding?

Tentatively, it will be in October 2016, but the date is up to her. I feel like I have maybe two vetoes, so I want to use them wisely. I don't want to get in any trouble! ★

REVIEW BY MARSHALL FINE

→ MCFARLAND USA

Kevin Costner has had career highs (*Bull Durham*, *Tin Cup*) with sports movies, and he's in the zone again with this film, based on a true story. He plays Jim White, a winning high-school football coach with a temper problem. Fired from his job, he takes the only position he's offered, at a tiny high school in poverty-stricken McFarland, Calif. The football team stinks, but his students turn out to be natural runners with great endurance. So he convinces them to form a cross-country team and begins having success, as well as giving these sons of migrant farm workers the chance to dream about a bigger future. Costner is in his sweet spot as a proud man who redeems himself while learning humility — and changing the lives of his students for the better. Director **Niki Caro** (*Whale Rider*) even makes long-distance running seem exciting.

LONG STORY SHORT: It's got heart, humor and an exciting finish. ★★★★★

DAKOTA FANNING
Turns 21 on Feb. 23

By Jennifer Angel

PISCES FEB. 19–MARCH 20

Love and money can both be yours now — banish self-doubt and go after your dreams. Money can knock at your door, but don't spend impulsively. Love also comes calling, but beware of being possessive.

ARIES

MARCH 21–APRIL 19

Your attraction factor is hot! Couples can move their romance to the next stage now, while singles can meet the perfect partner. But keep in mind there is more to love than lust.

TAURUS

APRIL 20–MAY 20

You can gain clarity as to what you really want to do, at work and at home. Set your goals firmly in place and stay focused. Pay attention to your intuition.

GEMINI

MAY 21–JUNE 20

Lady luck is on your side! For love, you can be in the right place at the right time to connect with someone special. To get ahead at work, be indispensable to those who are in power positions.

CANCER

JUNE 21–JULY 22

A discussion around money can revive an idea or situation. A connection with someone at work can go in your favor. It's important to look forward, not back.

LEO

JULY 23–AUG. 22

A chance meeting with someone amazing can set your heart ablaze. A discussion can change everything, and in an instant. Travel has you packing your bags.

VIRGO

AUG. 23–SEPT. 22

Be careful not to plan every moment — an element of spontaneity is exciting. Be open to working with others, a little compromise can go a long way.

LIBRA

SEPT. 23–OCT. 22

You're in the love zone and your popularity is on the rise! A love commitment is very possible now. For singles, a romantic encounter can get your attention. At work, keep your mind on the job; don't allow anyone to take over.

SCORPIO

OCT. 23–NOV. 21

A conversation at home can change things at work, particularly if it relates to a monetary matter. An image overhaul can heighten your presence on the work front and love scene. Don't underestimate the effect a few changes to your presentation can have.

SAGITTARIUS

NOV. 22–DEC. 21

Don't let old baggage hold you back — clear the air and leave it behind. You can network your way to success now. With relationships, some are worth working at and some aren't; it's up to you to know the difference.

CAPRICORN

DEC. 22–JAN. 19

Your dreams can come true. Focus your attention on what you want, and be prepared to make changes. If you want a different life, step out of your comfort zone and make it happen.

AQUARIUS

JAN. 20–FEB. 18

A heart-to-heart can get love back on track, but don't expect things to be the same — to embrace the new, let go of the old. Don't assume anything right now; wait for all the pieces to fall into place.

EMPEROR KANYE'S

New Clothes

Is Kanye West's launch of
his new Adidas line nakedly
horrible or sheer genius? The
panty hose-style bodysuits
he debuted at New York
Fashion Week on Feb. 12
did have an A-list audience,
including Jay Z, Beyoncé,
wife Kim Kardashian and
their daughter, North,
who apparently enjoyed
his line as much as the
models did — she was
escorted out by Kim
after a screaming fit!

With decor inspired by Louis XIV, the home has five fireplaces, 23-foot ceilings, a large ballroom and a music room.

The legendary late comedienne's daughter, **Melissa**, just put the opulent 1903 triplex on the market. Joan described the home as "where Marie Antoinette would have lived if she'd had the money": It's perfect for performing stand-up, with space for up to 125 people.

"It's Louis XIV meets Fred and Ginger," said Joan of her palatial penthouse.

Star WEEKLY AWARDS

We round up
week's best, worst
downright strange

INSTAGRAM

**SHE'S
PINT-SIZE!**

* FUNNIEST PHOTO

After Shaquille O'Neal appeared on *Live with Kelly and Michael* on Feb. 12, Kelly Ripa uploaded this photo to the show's Instagram page showing her 5'3" (and heelless!) frame alongside the 7'1" former NBA star.

REALLY?

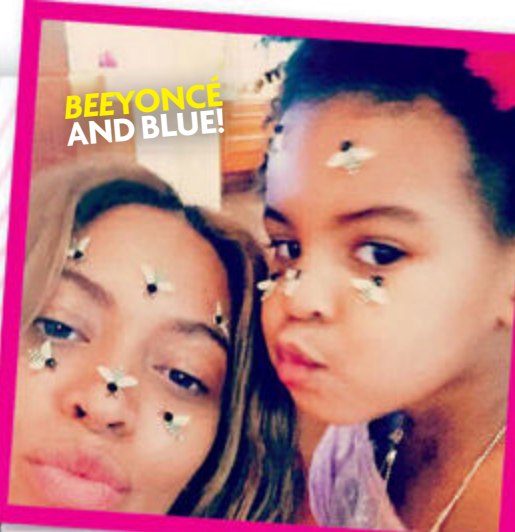

* Weirdest Statement

Will Smith recently revealed that his son, Jaden, only has one pair of shoes because he "refuses to be a slave to money." And Will's not kidding! The 16-year-old has been photographed wearing the same pair of Nike Free 3.0 Flyknit sneakers for the past year.

**BEEYONCÉ
AND BLUE!**

INSTAGRAM

* Cutest Selfie

Like mother, like daughter! Beyoncé made it clear who her special Valentine was when she uploaded this adorable photo of herself with her daughter, Blue Ivy, to Instagram on Feb. 14.

* BIGGEST DIVA

Doesn't she have enough selfies? While attempting to take a photo in front of a large Yeezy sign promoting her husband Kanye West's sneaker line, Kim Kardashian became irritated with a pedestrian (and even had a security guard try to move her) when she hopped into the frame.

BACK TO SCHOOL!

* Best Movie News

In honor of its upcoming 30th anniversary, *The Breakfast Club* will be returning to theaters for a limited release. A restored version of the iconic '80s movie will be shown across the country from March 26 to 31.
